cheerful greetings designed in Somerset by Angie Spurgeon

bright and colourful collections of greetings cards, gift wrap & stationery inspired by *Living the Dream* in the South West of England.

Eco-friendly cards: card sourced from responsibly managed forests (FSC® C007915), vegetable-based inks, recycled paper envelopes, compostable outer slips.

Welcome to my colourful world of happy doodles.

I'm a freelance illustrator and graphic designer based in Somerset. I love to create cheerful, unique, pretty and sometimes witty illustrations for greetings cards, stationery and gift wrap.

All my designs usually start life as one of my ink on paper drawings which are then scanned & coloured digitally to ensure the images are vibrant and lively.

I live and grew up near the Quantock Hills, one of Britain's areas of outstanding natural beauty. It's important to me that my designs are produced in a way that is kind to the planet. Which is why I've teamed up with South West publishers **ArtEco Designs** to make sure each piece is created with every effort to be eco friendly .
